Thermometer
Graph
4. **Have students set individual goals**
Questions completed
Assignment completed (Success Challenge!)
Increase score by ___% in ___(time)___
5. **This video by Udacity, featuring Jo Boaler.**

Ideas to Celebrate

School Announcement. Weekly shoutout to top-ranking student and/or class

Star Status. Call leading classmate(s) or a class team to the front of the room, play music and give rounds of applause. For secondary classes, give a weekly call out to individual students in front of peers. Class can give 'snaps' or a quick, congratulatory clap-off led by the teacher.

Hero Hallway. Hang certificates in the hall.

Newsletter Update. Give special shout outs to individual students, teams within a class, and/or classes for high achievement in math.

Special Guest. Have your principal stop by the room to give congratulations to winners.

Class Celebration. Hit the lights, play upbeat music, and class dance for 30 seconds!
